Church To Battle County Planners On Right of Way

SAN DIEGO (CNS) A special use permit for an addition to the Skyline Wesleyan Methodist Church in Lemon Grove was granted Friday by the County Planning Commission, but a church spokesman declared that conditions of the permit would be appealed to the Board of Supervisors.

Paul W. Howard, Jr., a trustee of the church who acted as spokesman, declared that a condition requiring additional right-of-way was "confiscation of private property."

The church trustees had unanimously voted against granting the right-of-way, Howard said.

Conditions

The Planning Commission gave permission for a two-story Sunday School classroom building at the rear of existing classrooms at 1345 Skyline dr., Lemon Grove. The permit was conditional upon the church making the property "suitable for the more intensive use" by giving free to the county without cost 15 feet more of right-of-way along Osage dr., to the rear of the church property, together with a 25-foot corner rounding at Osage and Jamacha rd., and a 30-foot corner rounding at Skyline and Carlisle dr.

Not Relevant

Howard said the right-of-way requirement was not "relevant" to the permit application. He said the church had no objection to negotiating with the county for the right-of-way when it was needed, but objected to the way this matter was handled. He said a planning department spokesman had said that the permit would be granted if the right-of-way was dedicated.

C. J. Martin, commissioner, told Howard that the commission made such decisions and a department spokesman could only report staff recommendations.

Martin told Howard that the right-of-way was a routine requirement for commercial and church properties that create an influx of traffic to an area. He noted that Osage dr. needed widening now and the additional 15 feet would bring it to its ultimate 60-foot width. All except five feet had already been obtained from property owners across Osage from the church, according to county records.

Won't Compromise

Howard said he would not compromise with the commission when Martin asked if the church would like to have a "couple of weeks to think about it." He described the church's capacity as bursting at the seams" and added that they needed the permit immediately.

Commissioner Gil Ray, of Spring Valley, noted that the church is helping to create the traffic problem which made the added right-of-way necessary. Ray made the motion for approval of the permit with the conditions attached.

Construction To Begin on Fire Station

Additional construction and remodeling of Lemon Grove Fire Station, at 7853 Central, has been awarded to R. A. Weeks, a Lemon Grove contractor.

The award was made at the July 8 meeting of the Board of Fire Commissioners of the Lemon Grove Local Fire District. W. E. Weeks Construction Co. submitted a low bid of $25,940, the lowest of three valid bids received by Arthur Decker, architect.

Actual construction and remodeling work will begin as soon as bonds are issued, according to Chief H. L. Hensley.

Plans call for the erection of a 35-foot tower to be used for training firemen and hanging hose to dry, Hensley said.

Work that began three years ago will continue upstairs on the locker room and lavatory, Hensley said remodeling will begin downstairs so two more fire trucks can be accommodated.

Purchase of a "Porto-Rak" hose storage and loading unit, recommended both by Chief Hensley and Decker, was approved by the board. The $345 portable unit will eliminate alterations and additions to the fire station.

The fire station, formerly Lemon Grove's old Baptist church, has been in operation since 1951.

Check Forgery Suspect Picked-Up At Car Rally

A pair of check forgery suspects who allegedly burglarized a Lemon Grove firm of blank payroll checks and a checkwriting machine, were arrested Sunday in Fontana.

Sheriff Joe O'Connor said G. W. Haitt, 30, and John Cliff Raitt, 28, both of Los Angeles, were picked up on charges of forgery, burglary and conspiracy and returned to San Diego. They were attending a sports car rally in a $10,000 auto when picked up.

The men are suspects in the burglary of the United Electric Co., 6933 North ave., last December. They allegedly cashed more than $10,000 worth of "payroll" checks during the Christmas rush at liquor stores, supermarkets and other businesses.

In May, they are said to have flooded San Diego with $15,000 worth of checks drawn of the S.D. Municipal Court. It was the same court that issued bench warrants for the pairs arrest.

BANK INCREASES EARNINGS POSITION

The First National Bank of San Diego reported increases in all major categories for the first six months of 1963.

Net operating earnings for the first six months rose 15.5% to $1,337,128 equal to $1.27 a share on the 1,056,000 shares currently outstanding. This compares with a net of $1,156,618 in the like period in 1962.

Total resources and deposits were at new highs at midyear. Total resources as of June 30 were $297,962,739 vs. $286,386,827 on June 30 last year. Deposits were up at mid year to $272,984,497 vs. $262,504,690 a year ago.

Loans and discounts amounted to $150,551,352 compared to $136,736,322 last year.

L.G. Men's Club Plans To Study Incorporation

The Lemon Grove Men's Club will be dark Friday because the members will be attending a dinner sponsored by the club honoring Tony Sonka, one of its charter members.

Before it closed for two weeks, the club named a five man committee to study the feasibility of an election on incorporation. The study was called for by President Jack Cummings after Attorney Frank Armstrong reported that Assembly Bill 1662, of signed by the governor, might make incorporation all but impossible in the future. The Bill provides for a local Agency Formation Commission in each county of the State. The commission, comprised of two city representatives and one from the unincorporated area, would have power to approve or disapprove, with or without amendment, proposals for the incorporation of cities and proposals for the creation of special districts.

Petition Can Delay

If a petition to incorporate is filed at any time before Bill 1662 becomes effective September 20, provisions of the Bill are delayed 90 days.

Named to the Men's Club committee were Jesse Lee, Frank Gigliotti, Frank Armstrong, Ray Brehm and Charles Buckles.

Next Meeting

The next meeting should prove controversial, members believe. Ed Burt, program chairman, said Tom Neff, librarian of Grossmont Junior College, will discuss the book on which so much attention has been recently focused, "Dictionary of American Slang."

SCREEN STAR MAKES PERSONAL APPEARANCE

Charlton Heston, star of "55 Days at Peking" will make a personal appearance Friday at the opening of Cinema 21 in Mission Valley.

The theatre boasts a screen 70 feet wide and 28 feet in height.

CLUB HOUSE DEDICATION — Supervisor David W. Bird compares notes with Mrs. Fred Ralston of Spring Valley as Goodland Acres Park was dedicated last week.

Goodland Park, Started in 1914, Dedicated in S.V.

Goodland Acres Club House in Spring Valley was dedicated Thursday and Supervisor David W. Bird was guest of honor.

The 1.2 acre recreational facility at 8850 Troy st., has been nearly 50 years in the completion. It started in 1914 when the county accepted .9 of an acre from the original sub-devider for park purposes.

At the Thursday ceremonies, in addition to Bird, were Mmes. Fred Ralston, Wayne Dutelle, Albert Peters, and Roland Smith. Mrs. Ralston was mistress of ceremonies.

Supervisor Bird recounted the development of the park through the years to its completion Thursday. Today it has a club house, a shuffleboard court, basketball court, and a ground, as well as the normal playground equipment for children.

The history given by Bird showed that the county had used excess dirt from time to time, since 1914 to fill in the site.

Later, a court owned building was moved in and placed on a foundation. The building, one which the county had taken over to satisfy a welfare lien, was named the Pals and Gals clubhouse. Members of the Pals and Gals club had been raising funds through bake sales and other projects. They put the clubhouse in order with their $734 treasury.

In 1947, Pals and Gals had raised another $400 which was earmarked for fencing, handball courts and the like.

In 1948 the county purchased an additional .3 of an acre for $629. In 1949 the clubhouse was enlarged and a fireplace installed.

At the dedication, the clubhouse officially took on the name of Goodland Acres Club House.

Bird said the County had invested more than $7,000 in the project.

MISS LEMON GROVE — Dr. Amorita Treganza, center, a Lemon Grove optometrist who was Miss Lemon Grove in 1925, re-lives some of the earlier days with A. F. Tony Sonka, right. A banquet Thursday night, honoring Sonka as Lemon Grove's First Citizen, will give many early day Grovans a chance to recapture the flavor of an earlier generation. At left is Jack Cummings, president of the Lemon Grove Men's club. The club is the sponsor of the Sonka Day banquet.

FOR 50 YEARS OF SERVICE

Capacity To Fete Sonka At Banquet

A capacity crowd is anticipated for the banquet honoring A. F. "Tony" Sonka being held this week on Thursday at Michael's cafe in Lemon Grove.

Sonka, one of the town "founding fathers," and charter member of the L.G. Men's Club, will be center of a score of eulogies from many of those who have known him during many of the 50 years he lived here.

200 Expected

Part of the crowd of nearly 200 is expected to overflow into the room adjacent the Sonka banquet room at the cafe. Early arrival is suggested for those who prefer to be seated in the main ballroom, Jack Cummings, president of the Men's Club said.

Dinner ceremonies will start at 7:30, but a no-host cocktail party is scheduled for soon after 6 p.m., according to Charles Buckles, program chairman.

Toastmaster

San Diego Municipal Court Judge Luther N. Hussey, a long-time Lemon Grove resident, will be toastmaster of the dinner. He said he will encourage reminiscing among Sonka's host of friends.

County Supervisor David W. Bird will be "chief reminiscer." He will review some of the events touching upon Sonka's half-century residence in Lemon Grove.

Sonka will be picked up at his home by an entourage consisting of a representative of the Men's Club, two sheriff's deputy reserve officers and other local dignitaries. At Michael's, Buckles has arranged for a red carpet to be unrolled for Sonka as he disembarks from a Cadillac driven by Insuranceman John Dail. Sonka will be accompanied by members of his family.

Guest Book

Inside, a guest book will be used to record the names of the persons participating in the event. Any letters written by those unable to attend will be made a part of the book.

It is suspected that there will be many a lump brought to many a throat as some of the "old timers" recall the struggles, strains and heartaches of the early part of the century in the Lemon Grove area.

Resolution

Expected to provide an emotional reaction is a Resolution which was adopted by the County Board of Supervisors last week. A copy of it will be presented to Sonka Thursday. It will read:

WHEREAS, for more than 50 years A. F. (TONY) SONKA has proved himself to be an outstanding citizen and leader in community affairs in the County of San Diego; and

WHEREAS, TONY SONKA has, through his energy and foresight, displayed a sincere concern with the growth, development and well-being of this County; and

WHEREAS, TONY SONKA has always worked to make his community of Lemon Grove a better and happier place in which to live, winning for himself not only the admiration of his colleagues but also the heartfelt esteem of the people of the entire area; and

WHEREAS, the Supervisors of this County have always considered TONY SONKA a true and honored friend and are reminded on this occasion of his many accomplishments and his help, guidance and friendship to the people of this County; NOW THEREFORE

BE IT RESOLVED that the Board of Supervisors of the County of San Diego extend to TONY SONKA their sincere thanks and commendation for his many accomplishments.

PASSED AND ADOPTED by the Board of Supervisors of the County of San Diego, State of California, this ninth day of July, 1963.

The wording of the Supervisors' resolution pretty nearly explains what the Sonka banquet is all about.

SONKA BANQUET IS A LIONS MEETING

More than 30 members of the Lemon Grove Lions Club, together with their spouses, are expected to occupy one section of the Sonka banquet room.

Lions, well-known for "tom foolery" as well as for their seriousness, are expected to add a carnival air to the dinner before the banquet program begins.

The club meets regularly on Thursday and they agreed to transfer the meeting from El Morocco to the banquet. Sonka is a charter member of the Lions.

HIGH SCHOOL BUDGET WILL RAISE TAXES

The Governing Board of the Grossmont Union High School District has adopted a budget of $9,581,921, an increase an increase of 9.12 per cent over the 1962-63 budget. This budget will be considered for final adoption at a public hearing August 5.

Frank B. Gigliotti, representing the United Taxpayers Association of San Diego County, Inc., urged the board to reduce the budget to prevent an increased tax rate.

Sonic Boom Rocks SV-LG

A sonic boom of unusual intensity shook east Lemon Grove and west Spring Valley Friday night at 9:40 p.m.

The Spring Valley Fire Department dispatched patrol cars to ascertain damage after scores of calls came from worried residents.

In Lemon Grove the sharp shock was felt from Monterey Heights to the center of town. Fire Department phones were kept busy for more than a hour following the concussion.

No damage reports were filed with either of the Departments.

The boom is believed to have come from high speed aircraft of the Miramar command breaking the sound barrier.

by MAX GOODWIN

Gone Like the Dodo Bird

One of our local residents, in semi-retirement, thought it would be a good idea to open a peanut wagon on a corner here where auto traffic is active.

He owned the property, already zoned commercial so he needed only a roaster and a cooker to specialize in those good, salted-in-the-shell peanuts.

He got his lot on east Broadway, cleaned up and was ready to start . . . until he applied for a permit from the County Health Department.

"You can't sell peanuts, or other edibles in an open stand," he was told. In all fairness to Dr. J. B. Askew, county health director, it should be pointed out that he is only following provisions of the health code. The health code is set by the County Board of Supervisors.

It has been the practice to allow ranchers to sell some of their own produce from an open stand on their own property . . . unless the rancher adds packaged goods, such as packaged dates or jugged cider to his inventory.

Then it's unhealthy and illegal, the law says.

Our peanut vending friend was distressed. "How can a peanut in the shell become unsanitary in a roadside stand?" he asked.

Our guess is that is was made so by the lobby of super-

Dail, Mukia Start Bank in La Presa

An application for organizing an independently-owned national bank to serve the south part of Spring Valley was filed this week by seven area residents.

The bank, if the application is approved by federal agencies will be called the Sweetwater Fidelity National Bank and it will be located in the La Presa area.

Proposed capitalization of the bank is $1 million and will be broken into 50,000 shares with a selling price of $20 a share.

Organizers

Local organizers are John Dail, Lemon Grove insuranceman; Dr. Charles Garrett, a Spring Valley physician and surgeon; Abe Mukai, local rancher at Sweetwater and Palm street, and Leon Hester, S.V. building supply dealer.

Other organizers include Leon Noel, business consultant and former east coast banker, of Grossmont; Robert Burns, an El Cajon auto dealer and Rolland Packard, aircraft components manufacturer of El Cajon.

State Not Involved

No state license, hearing or application is necessary for a national bank, according to Charles T. Manatt, counsel for the organizers.

The application must be approved by the comptroller of Currency, U.S. Treasury Department in Washington, D.C. before further organizational steps may be taken. Under the present schedule, permission, if forthcoming, would be given before December 1, this year. There would follow a 90 days organizational period followed by another 90 days for acquiring a location, personnel and equipment. The bank would be in operation by mid-1964 at the latest, Manatt said.

Inadequate Service

In the application, organizers pointed out that there are no existing independent banking facilities in the Spring Valley-Sweetwater area of San Diego County. Inadequate services result because policies of banks in the area are set by non-local people unfamiliar with local needs, the organizers aver.

Dail, several years ago, was deputy treasurer of the State of California.

Tax Quarter Ends July 31

Internal Revenue Director R. A. Riddell reminded taxpayers that July 31 is the deadline for filing returns and paying taxes for the calendar quarter ending June 30, 1963.

Riddell said taxpayers liable for more than $100 of the excise taxes listed on Form 720 for any month (except the third month of a quarter) are required to deposit full payments of these taxes in local authorized banks or a Federal Reserve Bank before the last day of the month after the month in which the tax liability occurred.

Taxpayers making full and timely deposits of taxes due for the second quarter of the year have until August 12 to file their Forms 720, and he added that validated Federal Depository receipts must be submitted with the Form 720.

Man Protests Paving Cost

SAN DIEGO—(CNS) — The mehtod of dividing the cost of an alley paving and drainage job between Vista and Harris streets north of Lemon Grove was approved Tuesday by the County Board of Supervisors.

The supervisors divided the cost, $43,251.90, among 22 property owners on the basis of 1/3 against the front footage and 2/3 against the parcel.

Among the two property owners who protested, J. Enfinger, who now owns a 25-foot lot containing a music studio at 7204 Broadway, protested that the method adopted made it necessary for him to pay nearly as much as a man owning a 50-foot lot.

The supervisors denied the protest.

SWEETWATER GOPs TO HEAR GEHRES

The Sweetwater GOP Assembly will hear RA (ret.) Leslie Gehres describe "Methods of selecting delegates to the 1964 convention" this week on Thursday at 7:45 p.m.

The meeting, open to the public, will be at the Ella B. Allen school in Bonita.

Hall, Owens To Deliver Sermons

"Intelligible Worship" will be the theme of the Rev. Paul Hall's 9 a.m. sermon this Sunday at Lemon Grove Methodist Church.

Rev. Owens, a local preacher, will deliver the 10:30 a.m. sermon, "Overcoming Giants of Life."

Dr. Thomas Early, who has been directing Adult Vacation School classes, has obtained the services of a speaker for Sunday night.

SETBACK REDUCTION GIVEN ON MAIN ST.

SAN DIEGO (CNS)—A reduction in the setback for a proposed medical building on the west side of Main st. near Daytona in Lemon Grove, was graduated Friday by the County Planning Commission.

J.L. Thompson is allowed construction of the building 33 feet from the centerline of Main st., instead of the standard 75 feet. Other business buildings in the area have been granted similar variances.

SUPS. NIX SIGNALS FOR CAMPO-CONRAD

SAN DIEGO (CNS) — The County Board of Supervisors Tuesday ruled out the need for a traffic signal at Campo rd. and Conrad dr. in Casa de Oro, scene of some spectacular automobile collisions recently.

David K. Speer, county road commissioner, in a two-page report said that he did not recommend a signal at this time.

He cited a traffic study showing most of the traffic at the intersection was through traffic on Campo rd. or right turn traffic from Conrad dr.

He explained that left-turn traffic was the greatest traffic hazard at such an intersection.

The presence of a traffic signal would not have prevented any of the recent serious injury accidents there, he said.

El Cajon Bank Bid Rapped By Schrade

Senator Jack Schrade (R-Del Mar), last week revealed that an El Cajon group which was denied a bank charter by the State Superintendent of Banks has again filed an application for a bank charter.

Applicants are Simon Casady and Associates. Casady is the publisher of the Valley News in El Cajon.

Needs Provided

Schrade, who had originally opposed the granting of the charter to the Casady group, pointed out that the charter had been denied because the Superintendent of Banks found that the banking needs of the City of El Cajon were amply provided for. "Nothing has changed in the 45 days since this charter was denied," Schrade said. "This corpse has not been buried long enough for Casady to claim a legitimate resurrection for it."

Schrade has repeatedly charged that the Governor may be influencing the awarding of bank and savings and loan charters on the basis of political favoritism. He said, "A number of applications for such charters have included newspaper publishers who supported the Governor's re-election drive.

"Not Hungry"

"As I have observed previously," the Senator said, "my observation is that the friends and relatives of the Governor are not going hungry during his administration. There is no depression for them. El Cajon needs a bank dominated by Si Casady about like we need a 40-year drought. This application was turned down 45 days ago on merit and if it is granted now I believe it will be nothing but a bald-faced, brazen, political reward. There have been no significant changes in the El Cajon economy which could justify the reversal of the previous non-political decision by the Superintendent of Banks.

"Flunkies"

"I have said before," the Senator concluded, "the people have a right to know the when, where, and why of who is getting what, and I intend to keep on inquiring into the granting of these charters as long as there is any indication that Governor Brown may be using them as political rewards for his flunkies and camp followers."

markets. We suspect it had as much to do with incurring the code as anyone. But be that as it may, the situation impelled Supervisor Bob Cozens to ask his brethren at the county to take another look at the roadside stand ruling.

"My first concern is with the health of the citizen," he said, "But I am also concerned with the passing of an era if we force out of business these age-old operations through the imposition of extreme health and sanitary ordinances."

And so, it is almost certain, that the roadside stand in San Diego county will join the ice cream parlors, the nickelodeon, and the dodo bird in limbo.

Gas Looters Busy On Denstone Place

Six residents along Denstone pl., Lemon Grove, told the sheriff Monday that gasoline had been siphoned from their cars about 3 a.m. while the neighborhood was sleeping.

Complainants and their losses included:

Billy Gann, 1743 Denstone, 19 gals.
Robert Burrough, 1742 Denstone, 10 gals.
Donald Fitzgerald, 1735 Denstone, unknown quantity.
Donald Rhodes, 1719 Denstone, 15 gals.
Robert Shee, 1719 Denstone, 5 gals.

Intruder Doesn't Do Right

Glen Sergeant, operator of the Do-Rite TV service, reported that a truck radio and some tools were removed from his patio at his home at 3191 Crane st., L.G. Thursday.

He named a suspect.

Dog Chases Intruder

The huge dog, which reportedly stood by while his master's house was ransacked recently, wasn't benign at all, Mrs. Robert H. Shepard of 10703 Eureka rd., S.V. told this newspaper.

She said the dog, Dannie, a 135-pound German Shepherd, had "all but tore the place apart" trying to get to the intruder.

She said that jewelry valued at $700 was lying loose and had the intruder not been chased from the house by the dog he would have taken it.

She added that the dog was not resting peacefully as the report stated, but was in a "violent stage of agitation" because the intrduer had thwarted him.

The house wasn't ransacked because the dog chased the intruder before he had an opportunity, she added.

Bottles Is Loot

Empty pop bottles, about a dozen of them, was the loot of a housebreaker in Spring Valley Monday.

D. D. Stager of 8883 Crestmore told sheriff's deputies that entrance was gained to his house through the screen on a door to make good the burglary.

Neighbors Are Victims

Archie Horton, 940 Brucker and Sheila Humphrey, 941 Brucker, both of Spring Valley, were housebreak victims Sunday, they told the sheriff.

Beer was taken from Horton's refrigerator and Mrs. Humphrey's house was ransacked but nothing appeared to be missing.

Equipment Damaged

Beer loss and equipment damage to the tune of $200 was reported to the sheriff by Moreaux Dist. Co., Jamacha rd. and Sweetwater Spring blvd., S.V.

Beer that wasn't drunk was poured over office equipment including typewriters. Keys were taken from the firm's vehicles. The intruders entered by ripping a plastic screen from a roof window.

Race Car Parts Lost

The Globe Pacers Car Club has been slowed down.

Thieves broke into the clubhouse at Montemar and Austin, S.V. and stole equipment valued at more than $400, Russell A. Davis, club member told the sheriff.

Racing slicks and wheels, 9 carburetors and a camshaft were listed in the loss.

Heavy-Smoking Burglar

The home of Ruth Alberta Enz, 3503 Glen dr., Casa de Oro, was entered by way of a window one afternoon last week. She lost 6 cigarette lighters and a .32 calibre revolver in the operation.

Young Burglars Caught

William Ashley Bennet of 4070 Bancroft, S.V. was informed this week that two youngsters, 10 and 14 years old, had been apprehended in the theft of his tools, hedge clippers and paint brushes, all valued at $125. He had filed his complaint with police last week.

Test Is Failed

Dale E. Christenson, 8729 Adriana st., S.V. failed to pass the sobriety test when police found him in a car stalled in the Broadway and Sweetwater intersection at 1:30 a.m. last week. He was booked at County Jail.

Eagle Grounded

Erwin Elbert Delano, 48, of 2660 Buena Vista, listed no occupation when he was booked Wednesday at County Jail on a charge of drunkedness. He was found spread-eagle and incoherent on the church lawn at Burnell and Main sts., L.G.

Casey Loses Tire

The trailer used to haul workmens' outhouses to various jobs was burglarized of a tire and wheel worth $48, Frank Odom, manager of the Casey Co., told the sheriff last week. The firm warehouses the "houses" at 9020 Memory ln., S.V.

Finders Report In

Finders were busy last week, the sheriff reported. Thomas E. Beardsley, 7163 San Miguel st., L.G. found a bike in his driveway Thursday.

Wiley Cornelius, school principal, found scores of balls of bubble gum on the lawn of the Golden ave. school when he came to work Thursday. He also found a smashed bubble gum machine nearby.

Jean Young, 7392 Central, found a girl's bike leaning against the fence at her home Wednesday.

All evidence was turned over to the sheriff's department.

Dog Is Missing

A male, cream-colored Toy Poodle sporting a Dutch clip wandered or was taken from the yard of Mrs. Betty Dial of 3510 Harris st., Lemon Grove during the past week-end, she told sheriff's deputies.

The dog was a 2-year-old male valued at $150.

EDUCATION MEETING HELD

The instructional team for the new basic technical education course at Grossmont College met for the first time recently. Under the direction of Al Paul, Director of Technical Education, the instructors met to review the general course outline and adopt policies for continually upgrading the curriculum.

Instructors present at the meeting, and their area of responsibility, were Robert James, physical science technology; Robert Larson, mathematics technology; and Al Hanson, technical drawing.

"This program of technical instruction as a central core of related studies is unique in this area, perhaps nation-wide," commented Mr. Paul. "Substantial financial assistance for the program has been realized from the Ford Foundation Laboratories Fund to enable an experimental beginning to be made. The meeting gave us a chance to prepare now, as a team, for our presentation this fall," he added.

College Entrance Tests Date Set

Students must take required placement examinations before enrolling at Grossmont College regardless of program, age, or previous college attendance, it was announced today by Dean of Admissions and Guidance Laurance Coons.

The next test administration is scheduled for 8:30 a.m., July 20, on the college's temporary campus at Monte Vista High School, 3230 Sweetwater Springs blvd., Spring Valley. Another test day is scheduled for August 24. Students contemplating enrollment at the College may make reservations to take the examinations on either of the two dates by calling 465-1700.

CALEXICO PEOPLE PLAN REUNION

People who have lived in Calexico, California, at one time or some other, are invited to the 35th annual reunion of Calexico people.

The meeting, which attracted some 500 people last year, has been scheduled for July 28 from 10 a.m. to 4 p.m. The gathering will be on the sixth street side at Maple in Balboa Park, according to Chet A. Van Dusen of La Mesa.

Camp Fire Girls To Participate In Crazy Daze

Lemon Grove Assembly, No. 172, International Order of Rainbow Girls, are keeping busy with both fun and work projects this summer.

Presently they are hurrying to collect rummage, white elephant's and "what-have-you's," so that they may take part in Lemon Grove's Crazy Daze Sale. They want to add their efforts to the excitement of the "Lemon Grove First" project.

The Rainbow Girls had a family progressive dinner July 13, as one of the projects for the summer. Salad was served at the home of Miss Beverly Clay. The main course, spaghetti and garlic bread, was served in the patio of Miss Peggy Baumeister's home.

Dessert was at the home of Miss Marilyn Casner, and then the girls said good-night to their families, picked up their sleeping bags and swim suits and left for a slumber party and moon-light swim at the home of Miss Carolyn Denlinger.

Life Is Sunday Science Society Golden Text

The theme of God as eternal life will be emphasized Sunday at the Lemon Grove Christian Science Society.

The Golden Text of the Bible lesson on "Life" is from Psalms (42:8): "The Lord will command his lovingkindness in the daytime, and in the night his song shall be with me, and my prayer unto the God of my life."

Related reading from "Science and Health with Key to the Scriptures" by Mary Baker Eddy will include, "Whatever is governed by God, is never for an instant deprived of the light and might of intelligence and life" (p. 215).

LOS ANGELES (Special) — "The Only True Success" will be the subject of a Christian Science program to be given on the COLUMBIA "Church of the Air" series July 28, at 7:30 a.m. over Radio Station KNX (1070 kc). Speaker will be John R. Peterson, representing the First Church of Christ Scientist, in Boston, Mass.

WOMEN'S BOWLING CLASS TO BEGIN

Spring Valley Woman's Club is registering members for a bowling class which will open at Golden Bowl, 9805 Campo rd., July 19.

Mrs. Charles Prasser, ways and means chairman, said the course will run for six weeks from 9:30 to 11:30 a.m. at a reasonable charge. Anyone interested may join at the Bowl on starting date. Free child care and free coffee will be provided, she said.

Grable Made BSA Committee Head

D. R. Grable, 9628 E. Campo rd., Spring Valley, recently was announced chairman of the trust fund committee of the San Diego County Council, Boy Scouts of America.

Henry A. Boney, new Council president, said Grable and other committee chairman will be responsible for the development and effectiveness of the Scout Council program and policies throughout San Diego county in accordance with the standards and requirements of the National Council of the Boy Scouts of America.

The Council, which is an agency of the United Community Services, is serving nearly 26,000 boys, age 8 to 18, in the county.

Agricultural Employers Wage Report Required

Employers of agricultural workers must file wage reports for the second quarter of 1963 by July 31 according to Hagen Christensen of the State Department of Employment in San Diego.

Deductions from workers' wages for disability insurance during that period must be sent to Sacramento, Christensen said.

The law requires that any employer of agricultural labor who pays more than $100 in wages during a calendar quarter must deduct one per cent from his workers' wages and send the deductions to Sacramento along with his report of total wages paid.

The payment of $100 in wages in any calendar quarter qualifies the employer for making the deductions on all wages paid in that quarter as well as the remainder of the calendar year and the next calendar year. For 1963 the one per cent deduction is on the first $4,600 paid to each employee.

The law also requires that employers furnish their employee, the period of employment covered, the amount of wages paid, and the deductions withheld.

Christensen pointed out that the one per cent disability insurance tax which is deducted from agricultural workers' wages must be reported, along with a report of total wages paid each worker, including other remuneration such as meals and lodging furnished in addition to or in lieu of cash.

This information is reported on Form DE 7003, Contribution Return and Report of Agricultural Wages, which also calls for each worker's name and Social Security accounty number. This form is obtainable at the Department of Employment's Audit District Office located at 1350 Front st., Room 1062.

Employers who need help in preparing their agricultural wage reports for the Department of Employment may contact the Audit Office at 1350 Front st., Room 1062, or by telephoning 234-4341, Ext. 404.

Senior Citizens Change Meeting Place Monday

The L.G. Senior Citizens Club move to a new meeting place Monday.

The club will meet in the Mayflower room at the First Congregational church, 2770 Glebe rd., L.G.

An expanded program of activities for the club's members in a more adequate meeting place was seen as a means of attracting a larger membership, according to A.W. Heegel, publicist for the club. The group had been meeting at the L.G. Youth Center.

Objectives of the club are: to provide a place for senior citizens to gather in fellowship;

to recognize the need to serve those who may easily be forgotten;

to provide some means of recreation;

to encourage people to meet those in similar circumstances so that losting friendships may be made, and

to make each member's day a little brighter.

Recreation Program For High-Agers Is On at Mount Miguel

The Mt. Miguel high school gym summer recreation-athletic program is operating Tuesday and Thursday nights for junior and senior high school age boys and girls.

The program is sponsored by the Mt. Miguel Boosters Club under the direction of Mac Swinney and Eugene Norman. Swinney is president of the Boosters.

The program includes basketball, hand ball and ping pong competition, wrestling and other activities from 5:30 to 9 p.m.

Desert Song To Open at Starlight

SAN DIEGO — Sigmund Romberg's "The Desert Song" will open at Balboa Park Bowl Thursday, July 18, as Starlight's second production of the 1963 season.

Considered one of the great classics of American musical theatre, the romantic story of spies, adventure and intrigue will star Mildred Lamb as the vivacious Margot, and Gene Clark in the role of the swashbuckling Red Shadow. Seen as Bennie, the comical newspaper correspondent, will be Ole Kittleson, a San Diego musical comedy favorite.

Set in the mountains of Northern Morocco, "Desert Song" is the story of the Riffs and their battle against French domination of the Arabic country.

In his dual role as Pierre and the Red Shadow, Gene Clark runs the complete gamut of theatrical emotion and adventure. As Pierre, the seemingly dimwitted son of the French general, he plans his strategy against the French forces. And as Red Shadow, while leading daring forays as leader of the Riffs, he steals the beautiful Margot away from her legionnaire fiance.

Yvonne Green is cast in the role of Azuri, the curvacious, tiger-tempered harem dancer. Martha Gene, long a top Starlight comedienne, will be seen as Susan, whose chief aim in life is to capture a husband—namely Bennie, the reluctant correspondent.

Among the songs from Romberg's timeless classic which have become American standards are "Desert Song," "One Alone," "The Riff Song," "Eastern and Western Love" and "One Flower."

Planners Turn Down Wrecking Yard on 94

SAN DIEGO (CNS)—Permission to expand an auto wrecking yard operation at Highway 94 and Jamacha rd was denied Friday by the County Planning Commission.

Commissioner Gil Ray, of S.V., said he objected to the expansion of an unsightly operation on one of the main highways in the county.

SDSC Grad Is Commissioned

SAN DIEGO, Calif—Joseph T. Klasch, son of Mr. and Mrs. Joseph Klasch of 3173 Bancroft dr., Spring Valley, has been commissioned a second lieutenant in the United States Air Force. He recently completed the Air Force Reserve Officer Training Corps (AFROTC) program at San Diego State College.

Lieutenant Klasch also received his bachelor of arts degree at ceremonies marking the occasion. He will attend pilot training school in the near future.

His wife is the former Mary L. Conner of 4014 Briggs ave., Erie, Pa.

Membership Open In Writers' Group

Maurice A. Weekley of Spring Valley recently announced the formation of Prolific Organized Writers (POW), a group of magazine writers and novelists.

Weekley, of 9186 Valencia dr. and local POW chairman, said the group will meet the second and fourth Wednesdays at Suburban Savings and Loan Association in Pacific Beach.

Membership is open to all writers for men's, women's and general magazines and novels. Information may be obtained from Weekley by calling 469-0021.

SV Men To Lead Local Delegates To Convention

Two Spring Valley men will be leaders of a 210 member delegation of Spring Valley-Lemon Grove-La Mesa Jehovah's Witnesses at the religious group's international convention Sept. 1-8.

The two men are Carl E. Jones, 3267 Kenora dr., and Edgar A. Flynn, 9424 Crest dr.

More than 70,000 persons representing the Western U.S., Canada and Mexico are expected to attend the eight day gathering at Pasadena's Rose Bowl.

Many of the members plan a vacation and outing for the family including travel, the men said; "but also on the agenda for 210 of them is the attendance at a religious convention of the Jehovah's Witnesses which is a regular part of our ministerial training program. This year our plans revolve around a trip to Pasadena."

A total of 21 other assemblies are planned around the world covering Europe, the Near East, Asia, Australia and the isles of the Pacific. The meetings are Bible educational sessions designed to point out the responsibilities and obligations resting upon Christians in these critical times," they pointed out.

"Regardless of race, creed or language, these conventions will demonstrate the international unity of Jehovah's Witnesses and the need for true peace and unity in a divided, perplexed world," they concluded.

Square Dance Assn. Plans Sunday Meet

San Diego Junior Square Dance Association will meet July 21 in Balboa Park Recital Hall from 1 to 4 p.m.

The group was organized by the teen and pre-teen square dancers of San Diego City and County to promote square dance activities for children of all ages.

The new Association constitution and a July dance called "A Summer's Night" will highlight the meeting. The public is invited by the association to attend both affairs.

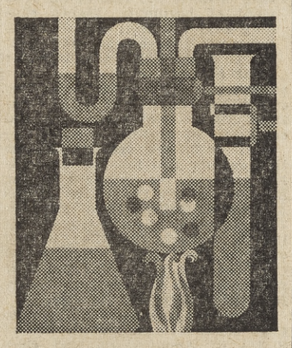
WHAT'S DOING

Streeter King, your telephone manager in Lemon Grove.



One item in your house contains so many substances it would make a chemist blink. Gold, tin, and anthracite coal, for instance. Sound like quite a mixture? Then add some nylon, rubber and steel. And a bit of copper, cotton and silver, too. Actually, these are just a few of over 40 raw materials used to make the 475 parts of your telephone. Makes the phone one of the most intricate appliances in your house. Yet one of the most reliable.

• • •

Travel tip: After you reach your vacation spot, call the folks back home. They will be glad to know you arrived safely.

• • •

Now that you can dial your own Long Distance calls with Direct Distance Dialing, Area Codes are a good thing to keep in mind. Here's how they work. The nation, like California, is divided into calling areas, each with its own Area Code. When you dial outside this area, the three-numeral code directs you to the area you're calling. Area Codes are the key to this fast and convenient Long Distance service.

Heard this story about the sheriff of a small town who is also its veterinarian? Late one night he got a frantic phone call. "Do you want me as sheriff or vet?" he asked. "Both", came the reply. "We can't get our dog's mouth open, and there's a burglar in it!" (Just goes to show that the telephone can sure be a help in unusual situations.)

• • •

If you're driving through wooded areas this summer, you'll see plenty of Smokey the Bear signs, for he's hard at work reminding everyone to be extra careful with cigarettes, matches and campfires. With your help, Smokey will continue to do a fine job of preserving our country's forests.

Town's Jumping With Crazy Daze Events

Chopper Rides, Cavalcade, Moonlight Sale, St. Dance Are Crazy Daze Features

The whole place is c-r-a-z-y. Even this newspaper changed its regular habit pattern and is being issued a day earlier.

The reason? It's Lemon Grove July Crazy Daze and many unusual events are taking place as you read this. Events will continue from Wednesday right through Saturday of this week.

Chopper Rides

Overhead, you should be hearing the plop-plop-plop of a helicopter's blades. The "bird" was scheduled to start operation on Wednesday of this week as a kick-off event for Crazy Daze.

The helicopter, the remarkable machine of the La Fleur Flying Service, is carrying passengers over Lemon Grove from its "landing strip" on Broadway, opposite St. John of the Cross Catholic church. The pilot, Curley Simmons, a veteran helicopter pilot, is a long-time resident of Lemon Grove, having left here only recently to be nearer his helicopter flying job which he took after leaving the Armed Services.

Only $2 A Ride

Don Johns, chairman of the Merchants Division of the L.G. Chamber of Commerce, under whose auspices the four-day event is being held, said helicopter riders would be required to pay only $2 a ride. Normally, he said, the charge is $5. The craft holds two passengers and a pilot. The pilot will fly passengers over their own house. Rides will be available throughout the week.

Auto Parade

A cavalcade of autos including the newest and some relics is parading through the residential district at noon Wednesday:

"We set the auto parade for mid-day so as not to disturb sleeping youngsters," Charles Buckles, chairman of the July event reported. Each month, a new chairman is named to work under Merchants chairman Johns.

Moonlight Sale

Wednesday night, a Moonlight Sale is being conducted by business firms in the downtown area. Some of the stores will keep their doors open; others will put merchandise on bargain tables on the sidewalk and make sales from there.

The Moonlighter is from dusk until there are no people on the streets, or until merchandise is gone, Buckles said.

Sonka Day

Sales will continue all day Thursday. This day has been designated Tony Sonka Day honoring one of the town's developers and civic leaders. A banquet, already at the capacity attendance level, will be held at Michael's cafe on Broadway in Lemon Grove Thursday night. Tickets are $2.50 a person or $4.75 a couple for a full steak dinner.

Many county and state dignitaries will be at the banquet head-table with Sonka. Supervisor David Bird will make an oral trip into the history of Lemon Grove. Judge Luther N. Hussey is toastmaster.

Approximately 200 persons will be in attendance. If cancellations occur, some tickets will be available at the office of the L.G. REVIEW newspaper on Lester st. as late as Thursday afternoon.

Mellon 'Bust'

A watermelon "bust" for kids to the age of 12 will be given free from 2 to 4 p.m. Thursday at the Dairy Queen, Broadway near Kempf. A quarter ton of red, ripe melons is being chilled for the give-away right now, the manager said.

Street Dance

Crazy Daze sales will continue on Friday. Climax of festivities will be a gigantic street dance sponsored by the L.G. Jaycees at 7 p.m. in the Mayfair parking lot at Broadway and Olive.

Incorporated in the dance are a talent show, a square dance exhibition and a door-prize drawing by which more than 100 prizes will be awarded. The number of prizes are so great that this event will have to be run simultaneously with the dance, Hal Lenox, Jaycee president pro-tem said

Prizes

Three top prizes include a french Poodle worth $100; a radio stero-phono combination, a box seats to the Padre games, attendance is not required. For the other 197 prizes the winner must be present to pick his prize from the mountain of gifts.

The talent contest will attract more than 15 local youngsters vieing for ribbons. Bob Mills, teevee personality has agreed to be master of ceremonies, Lenox said.

Beauty To Appear

Darleen Anderson, first runner-up in the Miss Lemon Grove contest, will be queen of the street dance. She will appear at other functions during the town-wide event taking the place of Miss Lemon Grove Marcia Manu who is "back East."

LEMON GROVE REVIEW

Thursday July 18, 1963 Lemon Grove, California SECTION A — Page 1

FIRST NEWSPAPER — Mrs. Tom Howard, right, of 8760 Harness st., S.V., has donated a photostatic copy of Spring Valley's first newspaper to the S.V. Historical Society. Shown accepting the paper, "The Spring Valley Herald," is Mrs. Rolan J. Taylor, left, California History and Landmarks chairman of the S.V. Woman's Club and California Federated Woman's Clubs, Southern District 26. The newspaper, dated 1887 and printed at Helix, will be displayed in the Bancroft Ranch House Museum, now a National Monument. Mrs. Howard's daughter, Patricia, a junior librarian at the Bancroft Historical Library, had the photostatic copy made from the original paper, which is in the library's files. The Bancroft Historical Library is part of the University of California library on the Berkeley campus.

Wild To Debut in Gershwin Concert

SAN DIEGO—One of the most versatile of all American musicians, Earl Wild, makes his San Diego debut as piano soloist in the All-Gershwin Concert, Tuesday night, July 23, at 8:30 p.m. in Balboa Park Bowl.

This concert of the 1963 summer series of the San Diego Symphony introduces the "San Diego Pops Orchestra." The orchestra, also under the direction of Earl Bernard Murray, music director and conductor of the San Diego Symphony, is a smaller version of the Symphony Orchestra, much the same as the Boston Pops and the Boston Symphony.

Among the most famous works of George Gershwin which will be performed are "Porgy and Bess," Concerto in F, "An American in Paris" and "Rhapsody in Blue."

The list of credits in Earl Wild's great career includes the historic broadcast of "Rhapsody in Blue" with Arturo Toscanini and the best-selling recording of the same works with the Boston Pops Orchestra.

As a youngster, Earl Wild played for President Hoover, and he has played for every occupant of the White House since, the latest being John F. Kennedy, who invited the pianist to appear at the 1961 Inaugural Concert, where he was soloist with the National Symphony.

Tickets for the Tuesday night concert are available at Thearle Box Office, Walker Scott in College Grove, Ballard & Brockett in Chula Vista and Southern Calif. Music Co. in Mission Valley. Information may be obtained by calling the Symphony Office.

YMCA Offering Dance Classes

Copley YMCA in East San Diego has opened ballroom dancing classes to people of this area.

Both the adult and Teeners ballroom dance classes began gin July 16. The teen class is every Tuesday, 7-8 p.m., and the adult class is Tuesday, 8-10 p.m.

Billie Monaco, international dance expert and a professional dancer for seven years, will instruct both classes in Bosso Nova, twist, Fox Trot, Cha Cha, waltz, Rhumba and swing.

Cost for adults is $12, and for young adults, $6. For further information call the Copley YMCA, 283-2251.

Dean Recommends Early Counseling

The need for early counseling for scheduling of Fall classes at Grossmont College was stressed last week by Laurance A. Coons, dean of admissions and guidance. He stated that limited selections of classes will be a probable consequence of failure to meet with a counselor as soon as possible.

Prospective students at the college may arrange for individual counseling time by calling the Admissions Office, 465-1700.

Students meet in groups of 20 for a 20-minute general programming session with visual aids. They are given opportunity to develop their fall semester class choices in individual interviews following the group session. Interviews are scheduled to begin at 1 and 6 p.m. daily.

Coons emphasized that careful programming prior to the beginning of classes makes for better selection, takes advantage of the traditional concern for the individual student typical of junior colleges, and aids administrative planning. The full counseling session may vary from 40 minutes to over an hour depending on the individual and his problems and interests.

Counseling sessions will continue through August 30.

Finale On Saturday

The event will wind-up on Saturday with sales continuing until closing time.

The four-day affair, one of the most energetic ever staged in Lemon Grove, is designed to develop more local patronage and loyalty.

"We've got one of the finest and largest 'shopping centers' in the county in the business section of Lemon Grove," Don Johns said. "We are planning a series of events to convince area residents of that fact."

Already, meetings are under way for the next Crazy Daze event, he said.

Tell your neighbor you saw it in your hometown newspaper.

Overall Economy Running Higher

Real estate activity and department store sales were the major source of strength as Southern California's economy moved to a record level in June, Harold E. Holsonback, manager of Security National Bank's College Grove Branch, reported last week.

The two business barometers, which fared strongly in May, exceeded their previous highs, Holsonback said. On the basis of year-to-year comparisons, the Southland's overall economy is currently running seven per cent higher than a year ago.

Homebuilding activity in the Southland area during the first half of 1963 has been well above the record levels which characterized the latter part of last year, according to Holsonback.

Based on permits issued to date, the present annual rate of home-building stands at approximately 200,500. This compared with actual totals of 167,104 dwelling units in 1962; 142,026 in 1961; and 130,328 in 1960.

Total civilian employment continued to rise for the fourth straight month. Employment in Southern California metropolitan areas totaled 3,854,000 during May, the latest month available. This represented an increase of about 118,000 jobs, or a gain of 3.1 per cent over a year ago. The unemployment rate, seasonally adjusted, was six per cent in May.

SPRING VALLEY ALL STARS, shown above, will play their first tournament game July 18 against Chula Vista American League all-stars. All-stars in front row are, l-r, Richard Sanchez, Robbie McGuire, Greg Brunson, Marty Ellis, John Weigelt and Jean Cloutier. Middle row l-r are Al Ross, Mark Milanovich, Ernie Arroyo, Dennis Brown, Ralph Garcia (alternate), and Ross Ellis (alternate. Back row l-r are Coach Pat McEachern, Mike Bouchey, John Sarkela, Steve Bailey, Gary Kennedy, Mike Schweitzer (alternate), and Jerry Tooze, manager. In S.V. Little League play-offs, Deckers Richfield defeated S.V. Lumber 4 to 3 to win the champoinship. In that game John Sarkela, pitcher for Deckers, and Gary Kennedy, pitcher for S.V. Lumber, each hit one home run.

Grove Pony League Selects All-Stars

All-stars of the Lemon Grove Pony League will play their first tournament game July 26 at the Encanto Skyline field on Skyline Dr.

Teams participating in the all-star tournament will be from the Spring Valley, Lemon Grove and Encanto Skyline Pony Leagues.

Lemon Grove Pony League all-stars were announced last Thursday evening. They are Tom Carroll, Randy Clark, Gary Frohn, Jim Grobe, John Hendrix, Mike Ketelsen, Mike Lannom, and Dennis Lockhart.

Also: Jim Lukowski, Lenny Marinello, Kenny Patterson. Steve Rosemary, Rick Rowton, David Tyler, and David Wollos.

Alternates are Mike Hastings, Judd Carson and Ronnie Coker. The all-stars, chosen from six teams in the league, received new uniforms to wear in tournament play.

New Pony League officers also were elected at last Thursday's meeting. They are Webb Carson president; Stan Tyer, vice president; Jim Weir, treasurer; and Bobby Guynn, secretary.

Members at large are Warren Swink, G. Kosta Sacrenty, Vernon Floyd and Phil Kaplan.

At the close of Lemon Grove Pony League play, Lido's was first with 7 wins and 3 losses; Allen's House of Carpets, 6-4; Merchants, 5-5; Lions, 4-6; Spears Ford, 4-6; and Bay Shore Motors Ford 4-6.

John Hendrix and Kenneth Patterson tied with eight home runs. Gary Frohn had the highest batting average, 508.

Man, Wife Win Plant Awards

Mr. and Mrs. Cleoves Hardin, 9195 Harness rd., Spring Valley, last week won two second place awards in the flower show at the S.D. County Fair.

Mr. Hardin won second in the succulent plant display and his wife, Effie, took second rock garden.

The Hardins, who ship cactus candy and other desert products to various parts of the country and the world, have entered their plants in previous years with other members of the Cactus and Succulent Society. Cleoves Hardin organized that society some three years ago, he said. The Hardins have lived in Spring Valley four years.

Gifts Donated

Memorial gifts in the names of two Lemon Grove residents were given to the San Diego County Heart Association during June, John D'Alfonso, memorials committee chairman announced recently.

"These financial contributions enable the Heart Association to continue its research programs to combat heart and blood vessel diseases," D'Alfonso said.

The next of kin of each person remembered was notified by the Association. The names of the residents remembered were Gertrude Jagger, 1485 El Prado, and Robert F. Murray, 7070 Broadway.

Last Peace Corps Test For Fall Trainees Set

Another Peace Corps placement test will be administered July 20, 8:30 a.m., in the San Diego Post Office building, Room 219.

The non-competitive test may be taken by anyone who hopes to enter training for a Peace Corps assignment in September or October. The next placement test will be given August 24.

Shorter Test

The placement test consists of a half-hour section on general aptitude and another of the same length on modern language aptitude. Candidates with a background in French or Spanish must take an additional one-hour proficiency test. The Peace Corps placement test now being administered replaces a longer one which required four to eight hours to complete.

Training

Language training is helpful for those interested in becoming volunteers, but more than a fourth of the Peace Corps' present volunteers never had studied a language previously.

Those selected for training will spend 10 to 12 weeks on a college campus or at a Peace Corps camp in Puerto Rico, studying the language, history and culture of their host country, and American affairs.

Volunteers agree to serve two years in the Peace Corps, including training time. The minimum age for Volunteer service is 18. The is no upper age limit, and a number of persons in their seventies are among the 5,000 volunteers now serving in 45 nations.

Married couples may serve if they have no dependents and if both husband and wife qualify for the same project.

Skill Backgrounds

The Peace Corps also has requests for persons with skills in agriculture, public health, forestry, carpentry and other building skills, social work, and education of all types and at all levels. Other nations have asked the Peace Corps to provide volunteers possessing more than 200 job skills. A college degree is not required.

Pay

The Peace Corps pays all of a volunteer's expenses and furnishes administrative support to him abroad. The volunteer receives, at the completion of his service, a readjustment allowance of $75 for each month of satisfactory service.

OLD CHRISTMAS CARDS AVAILABLE FOR PROJECTS

Old Christmas cards, often sought for charity of bazaar use,, will be donated to any person or organization needing them by Mrs. Randolph Morse. She may be reached at HO 6-5101.

Social Work Grad School Established

A national authority on social welfare has been named to organize and then direct a graduate school of social work at San Diego State College.

He is Dr. Ernest F. Witte, executive director since 1953 of the national Council on Social Work Education. The council serves as accrediting agency for the country's collegiate schools of business.

Establishment of a graduate school of social work at San Diego State was approved in May by the Trustees of the California State Colleges. Approval followed some five years of preparation based on heavy demand by local social agencies.

The new program involves a two-year course of study leading to the degree, Master of Social Work, which is regarded as the final step in preparation for a career in social work.

According to present plan the school will accept its first students — 20 to 25 of them—in September, 1964. During its second year from 25 to 30 more will be admitted, placing total enrollment at between 45 and 55.

The school will never be large. By 1968 estimated enrollment will be some 75. By 1978 it will reach 100.
